SNAP COUNT

1991 World League · The Schedule

SEASON PACK · REQUIRES SNAP COUNT · 10 WEEKS · 50 GAMES

Five games a week, every team plays every week. Each row is a complete game: home team on the left, away team on the right, both reading in toward the score. **Mod** is already worked out, home advantage included. Roll 1d20 for a team, add its Mod, read the Book 1 scoring table, write the points in the quarter box. Margin of 7 or fewer after the fourth quarter: run the Close Finish.

Level after the Close Finish: one extra quarter, still level is a tie (Book 1, 1974 onward). Playoff games keep going until somebody leads.

SEMI-FINALS

1 to 2 June

Four teams qualify: the three division winners and the best of the rest (the wild card). Division winners host. The wild card goes to the division winner with the best record, unless they come from the same division, then to the next best. Ties on record go to head-to-head.
